

RIMAGE EVEREST ENCORE MEDIA KIT

Everything you need for media production with your Rimage Everest Encore system in one package.

Get reliable, uninterrupted performance from your Rimage Everest Encore system. With optimised print ribbons and discs, the Rimage Media Kits give you outstanding, long-lasting and highly consistent printing results in one convenient and affordable package.

Compatible Models

- All current Rimage systems with Everest Encore 400/600 or older devices with Everest 400/600 and upgrade to Encore sensors.
- Professional 3450, Catalyst II 6000 series, Producer V 8300 series, Encore standalone printers.
- Compatible after Encore sensor upgrade: Professional 3410, Catalyst 6000, Producer IV with old Everest 400/600 printers.
- Please note: Separate MDD media kits are required for Rimage MDD (Medical Disc Device) 2450 / 2410.

Features

- Rimage guarantees consistently high quality and compatibility of all media and ribbons in original Rimage media kits.
- The included CD/DVD/Blu-ray A-grade media are coated with a special Everest thermal re-transfer lacquer, which ensures perfect borderless, high-quality and extremely durable printing.
- Printing range 23 - 118 mm

- With a shelf life of 50 years, Rimage media are perfect for archiving.
- The quantities of printing ribbons and media are precisely matched.
- Each media kit contains 1.000 or 500 media and ribbons for exactly the same number of prints.
- Your ordering process is simplified as you only need to order one media kit instead of three separate items (media, ink ribbon, re-transfer ribbon).
- Media and ribbons have no 'expiry date' and can be stored for many years in a normal office environment.

Advantages of Everest Encore printing

- No drying time
- Liquid-resistant
- Disinfectable
- UV-stable
- Edge to edge
- High resolution

Encore Media Kit							
Article No.	Media Kit Variant	Discs	Medium	Recording Side	Surface	Colour	Ribbons
