# RIMAGE SIMPLEX™ USB AUTOMATION

RIMAGE EMEA

## Simplicity Meets Reliability in USB Publishing

Simplex: The next evolution in automated USB production, shaped by customer feedback to deliver the results that modern workflows require. Engineered for robust performance with lightweight, industrial-grade robotics, Simplex meets the world's most challenging digital content demands for USB technology. Advanced features such as flexible memory options combined with our software suite bring you unrivaled performance and quality.

### Precision printing

Simplex delivers clean, professional printing with ease. Crisp, consistent output ensures clear branding and text readability, perfect for upholding brand integrity at scale.

### Simply automated

Designed to accelerate your entire workflow: Streamlined robotics and software reduce manual touchpoints and lower operational costs, while delivering the flexibility to produce hundreds of customised USBs per day.

### Powerful performance

Built for the long haul, Simplex combines modular flexibility with lasting durability. Configure up to four different data recorders with 120-unit input and output capacity standard, backed by robotics engineered for years of reliable, continuous production.

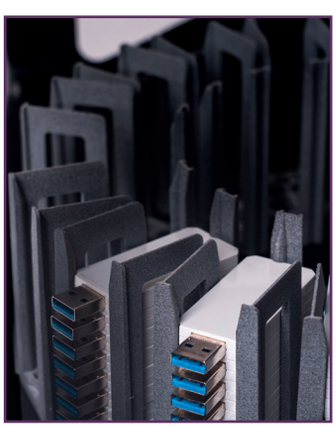

### Features

- USB 3.1 Gen 1 data modules from 8 GB to 128 GB capacity
- 120-unit input/ouput capacityt
- Four data recorders that work simultaneously
- Access finished media without interrupting workflows
- 360 degree visible status light
- Multi-line LCD status display
- Rapid start-up with high throughput capability

### Intelligent Design

A fraction of the size of previous models, Simplex delivers a lighter footprint without sacrificing capability. The accessible top cover design ensures easy hardware maintenance and serviceability.

| SYSTEM SPECIFICATIONS | |
|---|---|
| | SIMPLEX |
| Input Capacity | 120 USBs |
| Output Bin Capacity | 120 USBs |
| Printer | Prism III/CP |
| Rimage Simplex Software Suite (RSSS) | A set of software tools enabling unique artwork design, job submission, control center operation, production monitoring and custom application creation. |
| Rimage System Manager (RSM) | Label creation software – included. |
| Height | 39 cm/15.4” |
| Width | 40 cm/15.7” |
| Depth* | 60 cm/23.6” |
| Height w/ Cover Lifted | 74 cm/29.1” |
| Weight w/ Prism III/CP | 19.2 kg/42.2 lb |
| Power Specifications | 100 - 240 VAC, 60/50 Hz |
| Power Consumption | approx. 10 W idling / approx. 50 W operating |
| Warranty | 12 months |

* Allow space (9 cm or 3.5”) in rear of machine for cabling.

## We Recommend

### Rimage Maintenance Agreements

Maximize your ROI and minimise downtime when quick problem resolution is a must. We will be of assistance in determining the right service option for you.

### Rimage Media Kits

Get reliable, uninterrupted performance from your Simplex. With optimised print ribbons and Simplex USB modules, the Rimage Media Kits give you outstanding, long-lasting and highly consistent printing results in one convenient and affordable package.
